

From the semi-final to the final!

Everyone knows the Russian story of poor Nastenka, handsome Iváňuška and ugly Marfuša. But what is different from this ordinary story is the use of language. For this time we decided to use English language and choose 10 children to perform this drama under the name *Father Frost*.

The competition *Language flower* was held 24 March in Košice. A lot of schools from our district attended it in 2 genres – poetry&prose and drama, and in 3 age categories.

The children from our school were chosen according to their ability of spoken English and their willingness to learn new things as well as to do something more for themselves or for the school. They all are very good actors who tried to put the best of them in this play. Here is the list of our little actors: **5.A** – Alexandra Althová, Laura Legátová, Gorazd Šiškovič, Tamara Vaverčáková; **5.B** – Lenka Kaľavská, Ľubomír Kaľavský; **6.A** – Erik Bekeš, Marcel Čurilla, Michaela Čurillová; **8.B** – Lucia Nováková. The cooperation with these children was excellent! They really like English and they learnt their screenplays and lines very quickly; and I must say – sometimes the text was pretty difficult. But they all tried hard and the judge sent our *Father Frost* from the semi-final to the district final which will be held 10 April and if we prepare and do our best we might occur in the big final of the Slovak republic in Nitra. ☺

For now, I want to thank to all the children for their hard work, time, good behaviour and for being such good actors!

Mgr. Jane Bekesova
