Our mostly extended flower in summer is a tulip ..It has got a bulb root.  
.He has got a stalk with leaves. A petal is different colour : red,yellow,black,white,orange.

# Sheep

Sheep is an animal with a thick coat kept on farms for its meat, wool and milk. Traditional dairy product made from sheep milk is sheep cheese. We use it for preparing traditional Slovak speciality called „bryndzove halušky“ – small potato dumplings served with sheep cheese and fried bacon chunks.

Farm is a typical place where sheep are kept . In Slovak language it is called „SALAŠ“.
